

Tips On Reading With Young Children

Activities

Make time

to read to children every day.

Talk to children

about the pictures as you read the book.

Ask children questions

about the story and to predict what may happen next.

Read with expression,

changing your voice for different characters and situations.

Let children see you read

your own books, magazines or newspapers.

Help children choose

and check-out a variety of books at the library. Ask a librarian for help in finding books that are age-appropriate and interest them.

Read children's favorite books

over and over again. Children learn through repetition.

Make your home

a place where stories are shared.

Most of all, have fun

and enjoy reading with your children!
